BRAIN RESEARCH BULLETIN

VOLUME 11 NUMBER 1 JULY 1983

CONTENTS

Aminergic blockade modulates long-term potentiation in the dentate gyrus of freely moving rats.
KRUG, M., A. N. CHEPKOVA, C. GEYER and T. OTT 1

The central actions of glycine and strychnine on prolactin and LH secretion.
ONDO, J. G. and N. S. BUCKHOLTZ 7

Substantia nigra single unit activity during penicillin-induced focal cortical epileptiform discharge in the rat.
KANIFF, T. E., C. M. CHUMAN and E. J. NEAFSEY 11

Peripheral DA receptor blockade facilitates behavioural recovery from nigrostriatal damage.
WILLIS, G. L., G. C. SMITH and P. C. KINCHINGTON 15

Neuroleptic-like anorexia produced by an extra-cerebral DA antagonist.
WILLIS, G. L., G. C. SMITH and P. C. KINCHINGTON 21

Plasma gonadotropin, prolactin levels and hypothalamic tyrosine hydroxylase activity following intraventricular bombesin and secretin in ovariectomized conscious rats.
BABU, G. N. and E. VIJAYAN 25

A method for dissection of discrete regions of rat brain following microwave irradiation.
O'CALLAGHAN, J. P., K. L. LAVIN, Q. CHESS and D. H. CLOUET 31

Efferent projections from the mammillary complex of the guinea pig: An autoradiographic study.
SHEN, C. L. 43

Electrophysiology of taste-mediated functions in parabrachial nuclei of behaving rabbit.
SCHWARTZBAUM, J. S. 61

Focal penicillin seizures—motor activity and cellular physiology and morphology.
GREENWOOD, R. S., S. E. GODAR and K. K. WINSTEAD 91

A short duration GABAergic inhibition in identified neostriatal medium spiny neurons: *In vitro* slice study.
LIGHTHALL, J. W. and S. T. KITAI 103

Inhibition of long-term memory formation in the chicken by anti chick Thy-1 antibody.
BERNARD, C. C. A., M. E. GIBBS, R. J. HODGE and K. T. NG 111

Pineal modulation of ACTH 1–17 effect upon murine corticosterone production.
SÁNCHEZ DE LA PEÑA, S., F. HALBERG, E. HALBERG, F. UNGAR, G. CORNELISSEN, E. SÁNCHEZ, G. BROWN, L. E. SCHEVING, E. G. YUNIS and P. VECSEI 117

Contents continued

BRIEF COMMUNICATION

Intersex difference in striatal amphetamine concentration is independent of age.
HYDE, J. F. and T. P. JERUSSI 127

BOOKS RECEIVED 129

ANNOUNCEMENTS 131

BRAIN RESEARCH BULLETIN

VOLUME 11 NUMBER 2 AUGUST 1983

CONTENTS

Introduction 133

Clinical Studies

Anatomy and pathology of extrapyramidal diseases.
SEAB, J. A., JR. 135

Neurological assessment.
BYER, J. A. and J. D. DEXTER 143

Evaluation and differential diagnosis of movement disorders: A flow chart approach.
YUNG, C. Y. 149

Psychiatric aspects of abnormal movement disorders.
FLINN D. and W. BAZZELL 153

Management of extrapyramidal disease in the family medicine clinic.
PEDDICORD, O. W. 163

Clinical features of movement disorders.
YUNG, C. Y. 167

Dyskinesias

Tardive dyskinesia and treatment of psychosis after withdrawal of neuroleptics.
BASKETT, S. J. 173

Dyskinesias in the geriatric population.
BLOWERS, A. J. and R. L. BORISON 175

Sustained improvement in tardive dyskinesia with diazepam: Indirect evidence for corticolimbic involvement.
SINGH, M. M., R. E. BECKER, R. K. PITMAN, H. A. NASRALLAH and H. LAL 179

Pharmacological approaches to treatment of hemiballism and hemichorea.
BECKER, R. E. and H. LAL 187

Case vignettes of movement disorders.
YUNG, C. Y. 191

Gilles de la Tourette Disease

Behavioral and clinical profiles of Tourette's disease: A comprehensive overview.
MESSIHA, F. S. and J. C. CARLSON 195

Contents continued

Treatment approaches in Gilles de la Tourette syndrome.
BORISON, R. L., L. ANG, W. J. HAMILTON, B. I. DIAMOND and J. M. DAVIS 205

Endocrine aspects of lithium therapy in Tourette's syndrome.
VARMA, S. K. and F. S. MESSIHA 209

A case of Gilles de la Tourette's syndrome treated with clonazepam.
KAIM, B. 213

Neuroleptics and Lithium Salts

Regional selectivity of neuroleptic drugs: An argument for site specificity.
BORISON, R. L. and B. I. DIAMOND 215

Clinical uses of lithium salts.
FROST, R. E. and F. S. MESSIHA 219

Extrapyramidal disorders: A possible underlying mechanism.
MESSIHA, F. S. 233

Effect of alkali metals on chlorpromazine toxicity in the mouse.
SPROAT, H. F. and F. S. MESSIHA 243

Chlorpromazine and lithium interaction: A biochemical and histological study.
MESSIHA, F. S., H. F. SPROAT and R. L. STRIEGLER 249

Neurophysiological Studies

Alterations in CNS amine levels by acclimatization to hypobaric hypoxia.
HUGHES, M. J., K. E. LIGHT and T. REDINGTON 255

Control of substantia nigra pars reticulata neurons by the nucleus accumbens.
STRAHLENDORF, H. K. and C. D. BARNES 259

Serotonergic interactions with rat cerebellar Purkinje cells.
STRAHLENDORF, J. C. and G. D. HUBBARD 265

The basal ganglia in extrapyramidal dysfunction.
BARNES, C. D. 271

ANNOUNCEMENTS 277

BRAIN RESEARCH BULLETIN

VOLUME 11 NUMBER 3 SEPTEMBER 1983

CONTENTS

Prolonged estrogen treatment induces changes in opiate, benzodiazepine and β-adrenergic binding sites in female rat hypothalamus.
WILKINSON, M., R. BHANOT, D. A. WILKINSON and J. R. BRAWER 279

Comparison of GABA analogues at the crayfish stretch receptor neurone.
DEISZ, R. A. and M. DOSE 283

The time course of excessive grooming after neuropeptide administration.
ISAACSON, R. L., J. H. HANNIGAN, JR., J. H. BRAKKEE and W. H. GISPEN 289

Circling from intracranial morphine applied to the ventral tegmental area in rats.
HOLMES, L. J., M. A. BOZARTH and R. A. WISE 295

Central nicotinic receptors: Vomiting, ear twitching and panting.
BELESLIN, D. B., S. K. KRSTIĆ and S. DOŽIĆ 299

Localization of motoneurons innervating the levator veli palatini muscle in the cat.
VAN LOVEREN, H., M. C. SAUNDERS and J. T. KELLER 303

Evidence that an accumbens to subpallidal GABAergic projection contributes to locomotor activity.
MOGENSON, G. J. and M. A. NIELSEN 309

Inhibition of drug-induced circling by GABA-ergic activity in the nucleus accumbens.
HARTGRAVES, S. L. and P. H. KELLY 315

An analysis of the sensory innervation of the urinary system in the rat.
DONOVAN, M. K., S. R. WINTERNITZ and J. M. WYSS 321

Autoradiographic localization of [^{3}H]-imipramine binding sites: Association with serotonergic neurons.
DAWSON, T. M. and J. K. WAMSLEY 325

Efferent projections from the lateral hypothalamus in the guinea pig: An autoradiographic study.
SHEN, C. L. 335

Neuronal types in the basolateral amygdaloid nuclei of man.
BRAAK, H. and E. BRAAK 349

Oxygen consumption of hypothalamic tissue slices after varying incubation periods.
SILVA, N. L., S. R. KELSO, M. A. LESSLER and J. A. BOULANT 367

Comparative morphology of the substantia nigra and ventral tegmental area in the monkey, cat and rat.
POIRIER, L. J., M. GIGUÈRE and R. MARCHAND 371

Contents continued

BRIEF COMMUNICATIONS

Stereotaxic head restraint for chronic and semi-chronic marmoset and macaque monkeys.
BLUM, B., J. ISRAELI, J. J. KULIKOWSKI, M. GUR and D. CARDEN 399

Avian pancreatic polypeptide-like immunoreactivity in ground squirrel hypothalamus.
MUCHLINSKI, A. E. and D. J. JOHNSON 405

BOOK REVIEW 411

ANNOUNCEMENTS 415

BRAIN RESEARCH BULLETIN

VOLUME 11 NUMBER 4 OCTOBER 1983

CONTENTS

The vascularization of the human cerebellar cortex.
DUVERNOY, H., S. DELON and J. L. VANNSON 419

BRAIN RESEARCH BULLETIN

VOLUME 11 NUMBER 5 NOVEMBER 1983

CONTENTS

Midbrain LHRH infusions enhance lordotic behavior in ovariectomized estrogen-primed rats independently of a hypothalamic responsiveness to LHRH.
RISKIND, P. and R. L. MOSS 481

Vagal neurons and pathways to the rat's lower viscera: An electrophysiological study.
SAUTER, J. F., A. NIIJIMA, H. R. BERTHOUD and B. JEANRENAUD 487

Effects of lesions of putative LHRH-containing pathways and midbrain nuclei on lordotic behavior and luteinizing hormone release of ovariectomized rats.
RISKIND, P. and R. L. MOSS 493

Unilateral odor deprivation: Differential effects due to time of treatment.
BRUNJES, P. C. and M. J. BORROR 501

Effects of pinealectomy on neurohypophysial hormones in the SFO and plasma of dehydrated rats exposed to 12 hours of light.
SUMMY-LONG, J. Y., L. C. KEIL and S. EMMERT 505

Amygdaloid neuronal responses to complex visual stimuli in an operant feeding situation in the monkey.
ONO, T., M. FUKUDA, H. NISHINO, K. SASAKI and K.-I. MURAMOTO ... 515

Suppression of fever after lesions of the anteroventral third ventricle in guinea pigs.
BLATTEIS, C. M., S. L. BEALER, W. S. HUNTER, J. LLANOS-Q., R. A. AHOKAS and T. A. MASHBURN, JR. 519

Copper-induced release of immunoreactive α-melanotropin from isolated hypothalamic granules.
RICE, G. E. and A. BARNEA 527

Local excitability in the superior colliculus influences evoked responses of lateral geniculate cells in rabbits.
MOLOTCHNIKOFF, S. and P. LACHAPELLE 533

The permeability to exogenous protein of the wall of the superior sagittal sinus of the cat.
LESLIE, R. A., L. T. MACDONALD and J. A. LOVE 547

Different localizations of met-enkephalin-like immunoreactivity in rat forebrain and spinal cord using hydrogen peroxide and Triton X-100. Light microscopic study.
ARLUISON, M., M. CONRATH-VERRIER, M. TAUC, P. MAILLY, I. S. DE LA MANCHE, F. CESSELIN, S. BOURGOIN and M. HAMON 555

Met-enkephalin-like immunoreactivity in rat forebrain and spinal cord using hydrogen peroxide and Triton X-100. Ultrastructural study.
ARLUISON, M., M. CONRATH-VERRIER, M. TAUC, P. MAILLY, I. S. DE LA MANCHE, M. DIETL, F. CESSELIN, S. BOURGOIN and M. HAMON 573

Contents continued

Localization of met-enkephalin-like immunoreactivity within pain-related nuclei of cervical spinal cord, brainstem and midbrain in the cat.
CONRATH-VERRIER, M., M. DIETL, M. ARLUISON, F. CESSELIN, S. BOURGOIN and M. HAMON 587

Nigral dopaminergic mechanisms in drug-induced circling.
JACKSON, E. A. and P. H. KELLY 605

Involvement of α- and β-adrenoreceptors in the central action of norepinephrine on temperature, metabolism, heart and respiratory rates in the conscious primate.
MORA, F., T. F. LEE and R. D. MYERS 613

Mapping of cholinergic neurons associated with rat supraoptic nucleus: Combined immunocytochemical and histochemical identification.
MASON, W. T., Y. W. HO, F. ECKENSTEIN and G. I. HATTON 617

ANNOUNCEMENTS 627

BRAIN RESEARCH BULLETIN

VOLUME 11 NUMBER 6 DECEMBER 1983

CONTENTS

EDITORIAL v

A pallidostriatal projection in the cat and monkey.
BECKSTEAD, R. M. 629

Inhibition of sexual receptivity after intracranial cycloheximide infusions in female hamsters.
DEBOLD, J. F. and C. W. MALSBURY 633

Behavioral effects of intracerebral injections of renin and captopril in intact and brain-damaged rats.
SABEL, B. A., G. B. KARDON and D. G. STEIN 637

Somatic and central nervous system growth in artificially reared rat pups.
DIAZ, J., E. MOORE, F. PETRACCA and C. STAMPER 643

Morphology of the organum vasculosum of the lamina terminalis (OVLT) of the sheep.
McKINLEY, M. J., D. A. DENTON, M. LEVENTER, J. PENSCHOW, R. S. WEISINGER and R. D. WRIGHT 649

Tyr-MIF-1 affects passive avoidance behavior but not motor activity in rats.
HAYASHI, T., A. J. KASTIN, D. H. COY and R. D. OLSON 659

A role for somatostatin in the control of hamster growth.
BORER, K. T., B. SHAPIRO and A. I. VINIK 663

GABA in the intralaminar thalamic nuclei modulates dopamine release from the two dopaminergic nigro-striatal pathways in the cat.
ROMO, R., A. CHÉRAMY, M. DESBAN, G. GODEHEU and J. GLOWINSKI 671

Spinal cord metabolic changes in murine retrovirus-induced motor neuron disease.
BROOKS, B. R., G. K. FEUSSNER and W. D. LUST 681

Long-term unilateral noradrenergic denervation: Monoamine content and ^{3}H-Prazosin binding sites in rat neocortex.
READER, T. A. and R. BRIÈRE 687

A comparison of the distribution of central cholinergic neurons as demonstrated by acetylcholinesterase pharmacohistochemistry and choline acetyltransferase immunohistochemistry.
SATOH, K., D. M. ARMSTRONG and H. C. FIBIGER 693

Effects of reducing sensory-motor feedback on the appearance of crossed nigro-thalamic projections and recovery from turning induced by unilateral substantia nigra lesions.
MORGAN, S., J. P. HUSTON and M. PRITZEL 721

The effect of rapid eye movement sleep deprivation on cortical β-adrenergic receptors.
ABEL, M. S., F. VILLEGAS, J. ABREU, F. GIMINO, S. STEINER, B. BEER and L. R. MEYERSON 729

Regeneration of central catecholamine fibers in young and aged rat brain.
PHELPS, C. J. and J. R. SLADEK, JR 735

Contents continued

BRIEF COMMUNICATIONS

Construction of a simple spike counter for analysis of electrophysiological recording data.
CHAN, A., C. A. DUDLEY and R. L. MOSS 741

Strain differences in brain alpha$_2$- and beta-adrenergic receptor binding in dystrophic mice.
WILKINSON, M. and E. L. MANCHESTER 743

Construction of an apparatus to aid in the technique of in ovo avian microinjection.
GAIK, G. C. 747

LABORATORY INSTRUMENTATION AND COMPUTING

A computer approach to measuring shuttle box activity and conditioned place preference.
BOZARTH, M. A. 751

Discrete sampling of continuous biological signals: Analog-to-digital conversion.
CAULLER, L., W. MAYHEW and T. J. TEYLER 755

INDEX TO VOLUME 11 761
